## **ABOUT THE AUSTRALIAN PODCAST RANKER**

The Australian Podcast Ranker lists the Top 100 Australian podcasts consumed by listeners who are located in Australia. There is potential to add further data by publisher and program in the future.

## **ABOUT THE METHODOLOGY**

The Australian Podcast Ranker is based on a 4-week reporting period. The entities listed are ranked by Average Weekly Downloads (Monday to Sunday) in accordance with the latest IAB Podcast Technical Measurement Guidelines.

Downloads are defined as unique file requests that were downloaded.

This includes complete file downloads, progressive downloads, as well as partial downloads in accordance with the IAB Podcast Measurement Technical Guidelines v2.0 filtering rules (i.e. spiders and bots, data centers, one-minute of content minimum download, etc.). "Unique" filters multiple requests from the same IP address, user agent, episode, and date.
